PASTORAL CARE – please contact the chaplain (031 351 0343).

ENERGY PROJECT UPDATE

The Church and Hall renovations are now underway.

This week the scaffolding around church house was erected and the new heating system is being installed in the church. Work will continue on installing the new heating system and the additional insulation next week.

All services and prayer meetings will take place in the Upper Hall until the beginning of October.

There will inevitably be some disruption and inconvenience during the building work and we ask for your patience and understanding during this period of change. The improvements to the church and infrastructure of our buildings will be well worth it!
